

This is a list of publications, videos, etc. that Dr. Roy Hieger gathered over his many years of glass research. Roy has made these materials available to anyone who might want/need them. If you have an interest in obtaining one or several of these publications please contact Texas Carnival Glass club member, Walt Robinson who will be glad to work out arrangements to get them to you. The Texas Club would appreciate a donation for any items chosen. Any such donation will be used to continue support for carnival glass displays and education seminars and in support of the kids carnival glass club. Walt will be glad to work out the particulars with you. He can be reached at waltrobtx@sbcglobal.net.
